CUSHION

Enjoy relaxed comfort and style outdoors with furnishings from Homecrest's Cushion collections. These durable cushions provide a comfortable retreat inviting you to take time out and spend it in your favorite chair. Our quality crafted cushions have simple clean seams and are featured on pages 6-21.

24" SIDE TABLE | Top N/A: View Natural Series Table Top Options on Pages 70-79 | 5724B Base

FEATURES AND BENEFITS:

Baskets of the Dual Motion Loveseat move independently of each other providing individualized comfort. Tensioned rocking motion for these pieces is achieved with two flexing durable plates. The plates are primed with an autophoretic primer and then finished with a baked on powder coat.

The back cushion inserts provide customized comfort by incorporating the use of channels of blown in fiber fill. Each channel is filled to an individual specification to provide the perfect balance of comfort and support. The seat cushion core is made up of polyurethane foam that is wrapped in moisture resistant ticking. Gluing the ticking verses sewing it prevents the ticking from being pierced with a needle, which could allow for moisture to penetrate.

Full fabric slip covers on the Havenhill, Holly Hill and Palisade collections provide support for the back cushion and gives the chair a fully upholstered look. The cushion is held in place with 2" wide industrial Velcro strips.

PRODUCT FEATURES

Grace is constructed with 4" heavy wall aluminum extrusion arms and 10" foam core inserts that are wrapped in moisture resistant ticking. The back is engineered with a multi-media cushion for added comfort. To achieve the ultimate in comfort, the Cuddle Chair, Sofa and Loveseat features standard side arm pillows, constructed in the same fabric as the cushion.

GRACE

CUSHION | ALUMINUM

Bring the indoors out with the clean lines and soft sophistication of Grace. Chic and stylish, Grace provides the perfect venue for dessert and cocktails after the show; yet unbelievably deep and cozy. Grace also beckons to curl up with a book and blanket to while away a lazy Sunday. Unleash your inner designer and select complementary fabrics for back upholstery and seating fabrics, or embrace simplicity with a neutral palette; the options are endless and the design is timeless with Grace.

COLLECTION WATCH

Havenhill Deep Seating has coordinating sling collection pieces shown on pages 36 and 37.

BELLAIRE

CUSHION | ALUMINUM

Taking inspiration from the 1960's Homecrest B99 chair and the popular Eames Chair emerges the Bellaire seating collection. With comfort and style at the forefront, the retro-inspired Bellaire mimics the curvaceous design elements of these two classics and brings a contoured design that cradles you in unprecedented comfort. This ultimate comfort is achieved with a layering of outdoor materials, creating the right balance of support, style and comfort. Bellaire is available in all of Homecrest's frame finishes and cushion fabrics.

SLING AND WOVEN

Our luxurious Sling collections and our new Woven options add a relaxed elegance to any patio, pool or fireside. The Homecrest double layer sling has been a consumer favorite for over four decades offering unsurpassed comfort and quality. New for 2015, Homecrest introduced fully woven baskets for all sling collections. The Homecrest Woven baskets marry high quality woven baskets with our traditional Homecrest metal frame for strength, durability, and unprecedented woven comfort.

Havenhill Collection | page 36
Woven Seating Option | Sedona Frame Finish

SWIVEL ROCKER BALCONY STOOL | 4A480 | Coco
54" STONEGATE BALCONY TABLE | 3754RBSG | Boulder

FEATURES AND BENEFITS:

Our slings use two layers of material sewn together with a five thread interlocking stitch which doubles the seam strength, and then bound with a solid color welting. Fabric is then stretched with the use of internal side rails, allowing for the sling to move and conform to an individual sitting experience. Competitor slings are a single sling layer and are tensioned with a cord system through a siderail channel. This construction does not allow for movement of the fabric, creating a more rigid surface.

Homecrest woven products use synthetic resins with a 5000 hour UV rating, the highest designation in the industry. Our woven seating products are fully woven around both sides of a rock-solid powder coated aluminum frame. The resins are stable through extreme temperature variations, and will remain flexible and supple to the touch after multiple seasons; they are also highly fade-resistant, are colored throughout and are not subject to mold or mildew.

Perimeter stitch pattern is now available on all Padded Sling selections. The stitch line silhouettes the outline of the seat and back of the basket providing stylish elegance.

AIRO2

SLING | ALUMINUM

Designed for ultimate versatility, this sophisticated transitional collection of modular pieces has transformed deep seating. Airo2 takes the traditional outdoor cushion and turns it into a sling that has the look of a deep seat without any inner cushion material; giving the feeling of sitting on air. Airo2 is virtually maintenance-free, fast drying and comfortable. This patented technology is available exclusively by Homecrest and is ideal for both residential and commercial.

HOMECREST WOVEN

Available in 
WOVEN

Embracing one of the hottest trends in the industry, Homecrest introduces our 2015 Woven collection. Combining Homecrest's renowned comfort and quality with the richness and elegance of hand-woven outdoor resin wicker, the resulting effect is uniquely beautiful and highly versatile. Homecrest Woven is broadly offered across our line, encompassing all dining collections (pages 28-49) and multiple fire table heights (pages 108-111). Every Homecrest Woven piece is available in two unique weaves: Coco, a rich brown in a herringbone weave, and Hampton, a weathered gray and taupe in a straight weave.

AVAILABLE SEATING COLLECTIONS

Homecrest Woven baskets are available as a replacement option for all applicable Homecrest seating pieces.

PRODUCT FEATURES

Homecrest Woven products use synthetic resins with a 5000 hour UV rating, the highest designation in the industry. Our woven seating products are fully woven around both sides of a rock-solid powder coated aluminum frame. The resins we use are stable through extreme temperature variations, and will remain flexible and supple to the touch after multiple seasons; they are also highly fade-resistant, are colored throughout and are not subject to mold or mildew. All woven components carry a three year warranty.

HOMECREST SPECIALTY

Comfort, style and functionality are all characteristics that are synonymous with the pieces that are part of what we call Homecrest Specialty. Choose from Sling, Padded Sling and Cushion seating options, in multi-position lounges, outdoor swivel recliners and sling seat gliders. All pieces provide a unique comfort experience that can be coordinated with any Homecrest deep seating or dining collections and will be the envy of your guests and neighbors.

CIRQUE SELF-ADJUSTING CHAISE

Cirque's Self-Adjusting Chaise is manufactured with a tension adjustment mechanism known as the pneumatic lever. The pneumatic lever is a pressurized tube that offers a wide range of adjustability. Ergonomically and effortlessly adjusts with the touch of the lever, Homecrest's Cirque Self-Adjusting Chaise reclines without leaving the chair.

LANA SPRING BASE LOUNGE

The strength of the Spring Base Lounge has been tested to over one million rocks. Further testing has been done with 350 lbs. added to the chair and removed to ensure no deflection of the frame. In addition, 150 lbs. is dropped four times to ensure weld and frame integrity. The soft relaxing motion of the spring base is achieved, with encapsulation of a 1/2" steel rod in the complete length of the aluminum side/leg frame.

HOLLY HILL COMFORT RECLINER

Holly Hill's Comfort Recliner, a multi-position chaise, utilizes dual tension knob assemblies. Two 1/4" thick leather washers provide smooth gliding action. The open end arm design allows for easy entry and exit of the unit. When the Comfort Recliner is in the full reclined position, pressure on the spine is dramatically reduced and the elevation of the legs promotes healthy circulation.

HOLLY HILL RECLINING SWIVEL ROCKER

Holly Hill's Reclining Swivel Rocker's 3-in-1 'full swivel action, smooth rocking motion, easy to use tension knob for multi-position reclining' are components for creating individualized comfort. A steel coil spring rocking mechanism is treated with a Zinc coating for corrosion resistance and has a baked on powder coat finish, providing durability for years to come.

METAL

Fashion meets utility in Homecrest's Metal collections. Our Mesh, Slat and Café collections are equally suited to commercial applications and residential spaces where scale, stackability and care-free maintenance are top priorities. Surprisingly comfortable even without a cushion, these ergonomically designed frames stand up to extreme weather, stack for convenient storage and security, and wipe down with a cloth for the optimum in maintenance-free outdoor living, even when in rigorous use.

FEATURES AND BENEFITS:

The AlumaRoc™ features precision bent aluminum springs that are assembled to an aluminum plate and post, which provide a smooth swivel and rock motion. The slots in the top of the spring allow for the undercarriage to move forward for a firmer rock and backwards for a softer rock. The AlumaRoc™ has been tested to exceed one million rock cycles and is made completely of aluminum.

All aluminum products goes through a six step process to clean and prepare the metal for painting. Parts are then dried and ready to paint. Powder coat is electrostatically applied and baked for a 1/2 hour at 420 degrees. To ensure a quality process is maintained, testing is done on samples within a paint run for the proper adhesion.

Custom tubing is used in the construction of our steel collections. All steel components pass through a separate set of cleaning stations before they are dipped into an automotive primer which allows the primer to coat and flow through the tubing for thorough coverage. The primer coat and powder coat finish are baked on to protect the steel surface.

ANDOVER

METAL | ALUMINUM

★★★★★
COASTAL
FAVORITE

Andover is fresh, innovative and playful, creating a new recognizable outdoor seating option to bring excitement to any outdoor space. The collection's gently tapered and curved slat seat and back is formed with Homecrest's custom aluminum, to provide the comfort and durability that is synonymous with Homecrest. The Andover collection incorporates the all-aluminum swivel rock mechanism selected for its ability to survive in all climate conditions.

TABLES

From aluminum to resin, glass to copper, Homecrest continues its long history of innovation in outdoor table technologies. Turn the pages to see breathtaking styles reflecting natural stone, natural wood and cultured marble (to name just a few), used in applications from occasional tables to balcony height tables. Whether glass, metal or resin, Homecrest tables are structurally engineered to be used year-round in even the most demanding settings, and are artistically designed to be a tasteful and welcoming feature in beautiful outdoor environments.

SHOWN IN PHOTO:
Atlas Collection | Page 84
Flint Frame Finish
45" x 70" ATLAS DINING TABLE | 1545700

FEATURES AND BENEFITS:

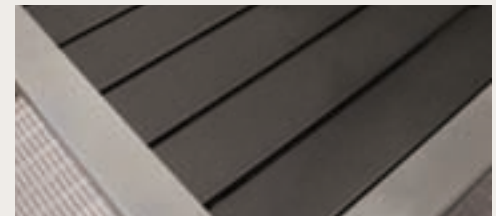

Technology is constantly changing, constantly improving. Our Natural Series surfaces employ the best practices from the counter top and marine industries, producing individually handcrafted surfaces made to withstand the outdoor elements. Starting with proven marine grade gel coats, adding tough polyester cores, and finishing them off with our revolutionary "Nano-Coat" clear coating technology, our surfaces are made to withstand the rigors of the outdoor environment.

What is "Nano-Coat"?

Nano-Coat provides a super hard surface that is UV protected, has a chemical resistant paint protection and a corrosion inhibitor. The surface is then resistant to scratches, mars and abrasions. It contains anti-graffiti and anti-stick properties which lends itself to repel water and dirt making it easy to clean.

Dockside Duo-Tone option: The base and frame are available in a single frame finish or with contrasting inset center slats. When selecting the contrasting option, list the frame color first followed by the slat color. If a second color is not listed, the table will be painted in the single color.

HAMMERED METAL NATURAL SERIES

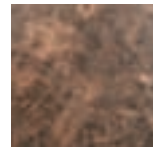

Authentic design and attention to detail is at the forefront of our new Hammered Metal table tops. Each top is handcrafted to replicate the look of hammered metal without the fuss and maintenance of the real thing. Available in both Copper and Pewter these gorgeous tables will be sure to make a statement in any outdoor space.

30" x 44" ATLAS COFFEE TABLE | 153045

ATLAS ALUMINUM

Uniting the rustic beauty of natural wood with the unparalleled durability of heavy-gauge aluminum, Homecrest is pleased to introduce the Atlas table series. An industry first, Atlas uses specialized technology to achieve a look that is natural, beautiful and highly resilient in outdoor applications.

Pair with Atlas benches to capture the peace and simplicity of a Provençal courtyard, or mix media with contemporary seating pieces for a look that is uniquely urban. Available in a wide range of sizes to suit everything from quiet moments for two to large family gatherings, Atlas invites you to come to the table.

42" VALERO DINING FIRE TABLE | 904242DO | Ivory Marble | Solex Fire Jewelry

VALERO FIRE TABLE DUO-TONE BASE OPTION

The base is available in a single frame finish or with contrasting side panels. When ordering and selecting the contrasting option, list the frame color first followed by the panel color. If a second color is not listed, the fire table will be painted in the single color (ie. Frame: Cognac/Side Panels: Nickel).

VALERO ICON SERIES | ALUMINUM

Introduce elegance and warmth to your outdoor space with Valero. Homecrest's Valero fire tables are available in chat, dining and balcony heights. Designed for individual customization, Valero showcases a base with 4" decorative finials, and the ability to choose the same frame finish for the complete base or contrasting colors on its soft radius aluminum side panels. The Valero fire tables are available with all Homecrest Icon Series table tops.

HOMECREST FABRICS

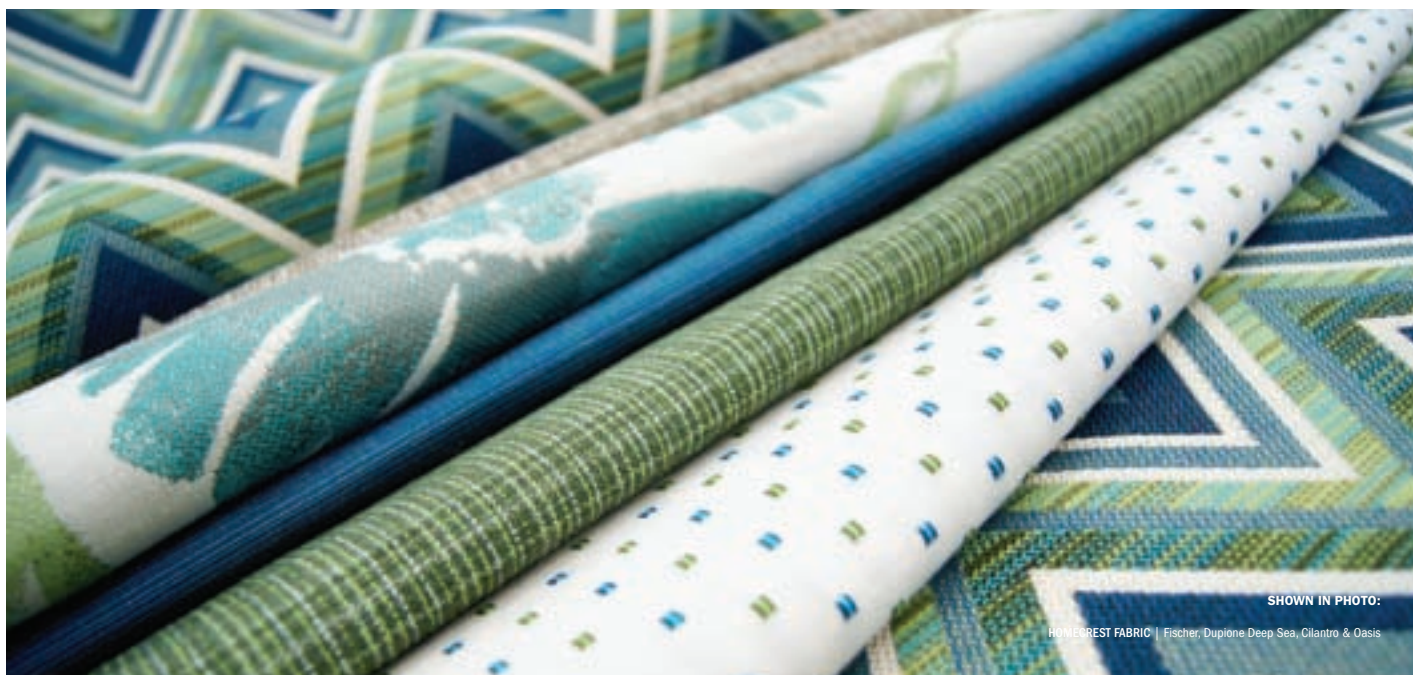

COLOR STORIES AND OTHER SLINGABLE FABRICS

Homecrest offers over 20 collections in our casual outdoor furniture line. Our collections reflect a variety of styles including deep seating, dining and café. Whether you're relaxing on your patio, celebrating with friends or just enjoying the outdoors, Homecrest furniture will satisfy design tastes from coast to coast.

Adding color to any outdoor space creates a seamless flow between indoors and out. Color has the power to comfort, calm, energize and inspire. It can create a space of retreat, entertainment and style. To make decorating your outdoor space fun and easy, our talented design team has hand selected several color stories. Our Color Story palettes range from traditional earthtones to vibrant bold colors. Our fabrics are offered in a variety of constructions, including PVC's, Acrylics and Olefins.

These fabric options give you flexibility in choosing your seating style. Choose our traditional Sling, Padded Sling or Cushion; all have comfort, ease of maintenance and style in mind. Whatever you choose, our coordinated fabrics and finishes will give you the look you want for a great value.

For design ideas and inspiration visit our website. To help you visualize and customize your chair or fire table, use our Interactive Design Center at www.homecrest.com. Here you'll have the opportunity to 1) Pick your frame, 2) Choose your finish, 3) Select your fabric and 4) View, print and buy.

MORE COLOR STORIES AND SLINGABLE FABRICS

OUTDURA OVATION FABRICS

For 2015 Homecrest is partnering with Outdura and Twitchell to offer Homecrest dealers and consumers more exclusive fabric and sling options. With the addition of a dozen new color stories and several coordinating slingable fabrics, you'll be sure to create an outdoor space that speaks your style. These durable, and fashion forward fabrics are designed to coordinate across sling and cushion categories to make selection a breeze. In addition to Homecrest's normal lead times, Outdura fabrics require an additional two weeks.

CARE AND MAINTENANCE

COMFORTEXT AND ACRYLIC, COMFORTEXT, POLYESTER BLENDS AND SENSATION

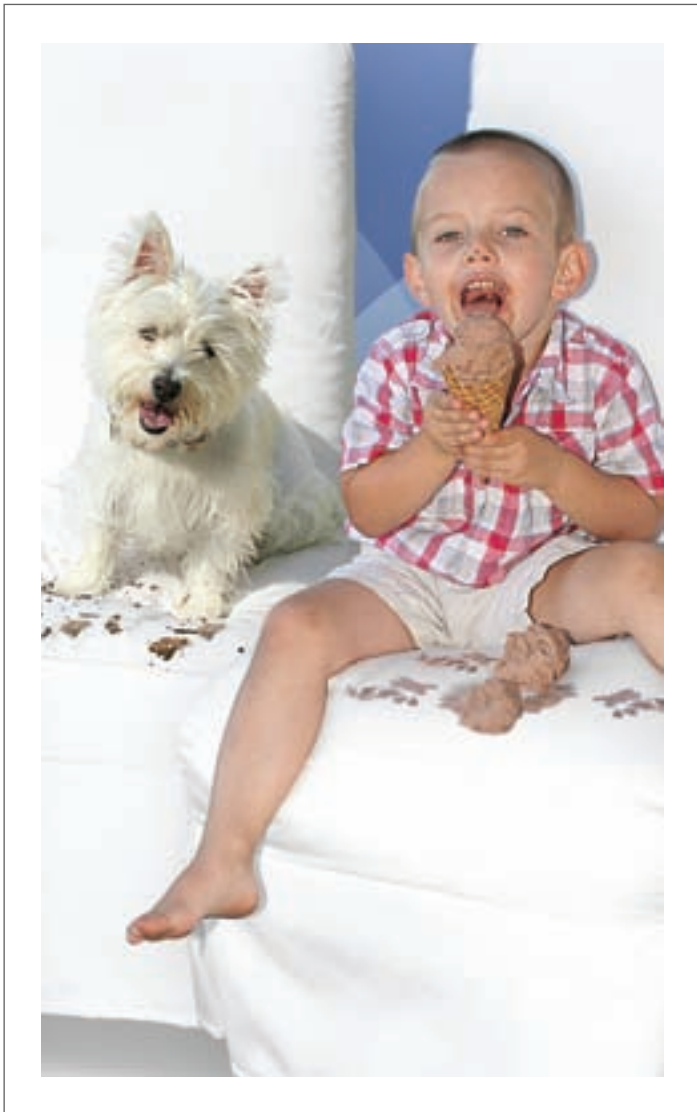

Comfortext stripes and solid patterns are open weave fabrics constructed of thermal bonded vinyl coated polyester threads. These fabrics offer strength and durability, easy cleanability and quick drying times. UV stabilizers and mildew inhibitors are added to minimize the effects of prolonged outdoor exposure.

Acrylic, Comfortext, Polyester Blends incorporate acrylic threads to produce an intricate pattern with all the above advantages, plus they offer a softer feel and more color intensity.

Cleaning Instructions: Address stains promptly. Use warm water with a mixture of strong liquid detergent and chlorine bleach (one cup to three gallons of water). Always rinse thoroughly. Pat to remove excess water and allow to air dry.

ACRYLICS, ACRYLIC BLENDS AND OLEFIN BLENDS

This category includes solid colors, stripes and standard jacquard patterns. By using solution-dyed threads, which are then woven into a pattern, the results are the look and the feel of fine indoor fabrics that are recommended for outdoor and indoor use. UV stabilizers and a protective coating are applied to produce a fabric that is very durable. Another advantage is the easy cleanability.

Cleaning Instructions: Address stains promptly. Add 1/2 cup of chlorine bleach per three gallons of mild soap solution. Always rinse thoroughly. Pat to remove excess water and allow to air dry.

ACRYLIC PRINTS AND POLYESTER PRINTS

Printed fabrics offer an infinite variety of color and pattern options. The design is printed on the base cloth of either 100% acrylic or 100% polyester. We specify only the highest quality UV stable inks. Printed fabrics are recommended for outdoor and indoor use but must be cared for more vigilantly. The use of a breathable furniture cover on printed fabrics will help reduce fading and extend the life of your fabric.

Cleaning Instructions: Address stains promptly. Use a solution of lukewarm dishwashing liquid. Sponge thoroughly with clear water. Pat to remove excess water and allow to air dry. Do not use harsh cleaners or bleach on printed fabrics.

WOVEN CARE AND MAINTENANCE

Regular washing with nonabrasive, mild soap and water will remove dirt, body oils, chemicals and other substances. Rinse thoroughly; do not pressure wash, and allow to air dry.

SUNBRELLA® FABRICS

In addition to the Homecrest color stories and sling selections, the Sunbrella® stock line is available for new orders and replacement cushions. Contact customer service for an exception listing and prices or visit the Homecrest website.

- Colors stay strong and vibrant in sun exposure and can be cleaned with bleach.
- Fabrics are soft, durable and create an inviting decorative option.
- Jacquards, stripes and solid color textures can create a dramatic effect for your outdoor space.
- All Sunbrella® stock fabrics are available. Fabrics are priced at a Grade B with select patterns at a Grade C. Refer to www.homecrest.com/Sunbrella for specific grading information. In addition to Homecrest's normal lead times, Sunbrella® fabrics require an additional two weeks.

OUTDOOR ESSENTIALS

Decorate your outdoor living space, as you would indoors, with Homecrest Outdoor Essentials. Go beyond a comfortable seating arrangement and add a coordinating market umbrella or choose from our selection of throw pillows to complete your backyard setting.

UMBRELLAS AND BASES

MARKET | DINING AND BALCONY/BAR HEIGHTS

Our Homecrest dining, balcony and bar umbrellas are the benchmark by which others are compared, and are available in many of the Homecrest fabrics.

Umbrella Features:

- 100" non-recycled aluminum frame offers 30% more strength.
- 1.2 mm wall thickness - offers 20% more strength than standard 1 mm.
- 1 mm rectangular rib extrusion - offers more strength than others main pole.
- Manual crank lift for easy operation.
- Kevlar woven lift cord - offers superior strength and is lightweight and flexible.
- Advanced tilt mechanism - offers greater tilt angles for more and longer shade.

SEATING OPTIONS AND FABRIC SELECTION GUIDE

- A Sensation - Airo2 and Sling** | Our patented Airo2 seating collection utilizes a single layer sling giving it the look of a Cushion in a Sling. Airo2 is a cushionless design using our Sensation fabrics for unmatched comfort and support.
- S Sling** | The Homecrest pioneered Sling is constructed of double layers for unmatched comfort and support. Our durable outdoor Sling is available in a variety of outdoor fabrics and is easily replaceable. Minimal maintenance and comfortable design continues to make the Homecrest Sling a #1 choice from coast to coast. When selecting a Homecrest Sling seating option, you will also have to select a welt or binding color. Welting will match the frame finish unless an alternate is selected. Slings utilize the same fabric on the front and back for an attractive look.
- PS Padded Sling** | Our Padded Sling seating option features a triple layer sling with slight padding for added comfort. This attractive chair with distinctive perimeter stitching gives you not only a comfortable fit, but is a stylish addition to your backyard or patio. The Padded Sling seating option expands your fabric options to include cushion or acrylic fabrics in addition to our slingable fabrics. Like the Sling seating option, when selecting the Padded Sling seating option, you will also have to select a welt or binding color. Welting will match the frame finish unless an alternate is selected. Padded Slings will be same front same back if selecting a fabric that is available in both Sling and Padded Sling. However, if you select a fabric that is available as a Padded Sling and NOT a Sling, you will need to select a Sling fabric for the back. Pick a fabric for the back that says it is available as a Sling seating option.
- C Cushion** | Our durable cushions provide additional comfort in a fast paced world. (The Cushion seating option includes Deep Seating, Removable Cushions and Padded Seats.) Homecrest removable cushions are extremely comfortable, water resistant and made for the outdoors. Most of our cushion designs feature a clean simple seam with no welting.
- W Woven** | Homecrest Woven products use synthetic resins with a 5000 hour UV rating, the highest designation in the industry. Our Woven seating products are fully woven around both sides of a rock-solid powder coated aluminum frame. The resins are stable through extreme temperature variations, and will remain flexible and supple to the touch after multiple seasons; they are also highly fade-resistant, are colored throughout and are not subject to mold or mildew.

HOW TO READ A HOMECREST FABRIC LABEL AND MAKE ORDERING EASY...

When choosing a fabric for the product selected, seating options coding will confirm the availability. Please indicate the fabric grade and follow the "ordering process" instructions for that fabric.

Fabric Name: Dimone Sequoia

Grades:
A - \$
B - \$\$

Fabric Content: Acrylic
Grade A

AVAILABLE OPTIONS:

S Sling	No
PS Padded Sling	Yes
C Cushion	Yes
U Umbrella	Yes
V Vintage	No

ORDERING PROCESS:

- ✓ - **Cushion:** Select fabric (same front/back)
- ✓ - **Padded Sling:** Select front fabric, select back fabric (see sling swatch book - excluding Sensation) and welt (welting will match frame finish unless an alternate is selected)

Denotes what seating option the fabric is available on: PS C U

Ordering Process:

Sling (Yes):

- Select fabric (same front/same back)
- Select welt color (welt will match frame finish unless an alternate is selected)

Sling (Yes) and Padded Sling (Yes):

- Select fabric (same front/same back)
- Select welt color (welt will match frame finish unless an alternate is selected)

Padded Sling (Yes):

- Select front fabric, select back fabric (see sling swatch book - excluding Sensation)
- Select welt color (welting will match frame finish unless an alternate is selected)

Cushion (Yes):

- Select fabric (same front/same back)

For 2015 please note there are Grade C and D fabrics. Grade C fabrics consist of select Outdura and Sunbrella® fabrics and Grade D fabrics consist of all Ultra Leathers. Woven is also available as a seating option on Sling dining collections and is indicated with a "W" symbol.

NATURE'S APPEAL

Healthy outdoor living means protecting the environment and today we're interested in ecologically-friendly designs and products. Sturdy, durable outdoor furniture with a long lifespan is more appealing than "disposable" furniture meant to last only a few seasons. Just ask around, Homecrest customers are well aware of the longevity of our products. Many consumers have had Homecrest furniture that is over 30 years old, and are still using it with great satisfaction. Replacement slings and cushions are also available to extend the life of your Homecrest furniture. Just visit your local dealer to order replacement slings, cushions, paints, parts and more or visit www.homecrest.com.

Whether you are updating your look with new cushions or slings, or simply need to replace a misplaced component, Homecrest is pleased to offer a wide range of replacement parts for pieces and collections we have sold over the last many decades. Even if a product is discontinued, chances are excellent we will have the piece you need. For more details, please visit our website at www.homecrest.com or visit your nearest authorized retailer.

CELEBRATING OVER 60 YEARS...

From early ottomans to the original swivel rocker to one of today's leading outdoor furniture manufacturers, the Homecrest brand has been an industry favorite since 1953. Homecrest combines a rich history of quality and classic design with today's demand for affordable luxury and versatile living. Over the years, Homecrest's focus has broadened to encompass the increasing demands of sophisticated, style-driven consumers seeking to complement their homes' interior designs and create a seamless flow between indoor and outdoor living spaces.

#25 CHAIR

#90 CHAIR

EDINA

CRICKET

HOLLY HILL

1953

Homecrest begins in the back warehouse of a furniture store making a Hassock ottoman.

1956

Homecrest patents a swivel rocker mechanism and introduces it on an indoor chair which brings growth to the company.

1960

Enters the outdoor casual market with a wire frame café chair.

1962

Introduces the well know models like the 36 and 90 chairs.

1966

Homecrest's growth inspires a variety of both indoor and outdoor collection designs.

1971

Vinyl strap is a growing category bringing new color and style. The growing wire frame collection Edina, in the popular Holly Hill fabric pattern, is widely retailed across the country.

1983

Homecrest introduces the double layer sling, providing unsurpassed comfort - unique to the industry and continues to be used today.

1985

Homecrest retires the wire collection, yet continues to offer replacement cushions and slings today for most collections including vintage wire.

1988

Homecrest adds the Padded Sling option to the growing list of collections.

1991

The introduction of the Holly Hill Cushion collection allows Homecrest to offer a wider variety of low maintenance aluminum pieces to fit the needs of a growing market.

Since 1953

AFFINITY

2000

Homecrest moves into a new state-of-the-art manufacturing facility which remains home today. All products continue to be engineered and manufactured proudly in the USA.

2001

Homecrest receives the Manufacturers Leadership Award for the fifth time.

PALISADE

2002

Homecrest takes the comfort of the double layer sling to the next level with the use of Sensation stretchable fabrics. Another industry first.

2004

Holly Hill Sling is named a Consumer Best Buy.

2009

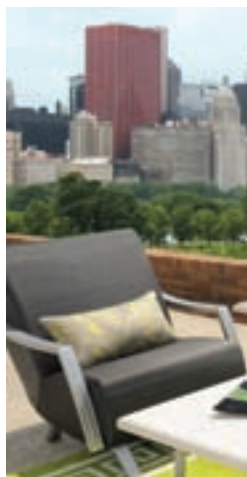

Homecrest introduces the industry's first swivel rocker balcony stool.

AIRO2

2011

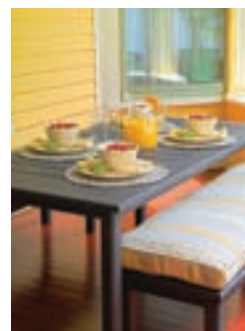

The innovative Airo2, a "cushionless" Deep Seating group, is introduced to the industry. Airo2 offers the comfort of a cushion with the easy care of a sling.

BELLAIRE

2012

Homecrest introduces the Dockside collection, providing additional table options.

2013

Taking inspiration from the 1960's Homecrest's B99 chair, Homecrest launches the Bellaire collection.

GRACE

2014

Homecrest launches Lana and Benton seating collections and transforms slingable seating by introducing a re-engineered front and back fashionable sling design.

2015

It is an exciting new product launch year at Homecrest with fashion forward styles the continue to speak comfort. Introductions like Homecrest woven, Grace and Havenhill Deep Seating, Vision steel dining and over 100 fire table combinations.

WARRANTY

Homecrest Outdoor Living is devoted to providing the consumer with industry leading comfort and quality. With over 60 years of experience in manufacturing outdoor furniture, we are widely known for our comfort, quality and style. Our suppliers, manufacturing team and sales personnel are devoted to making your experience with our products an enjoyable one.

15 YEAR (RESIDENTIAL LIMITED WARRANTY) AND 5 YEAR (COMMERCIAL LIMITED WARRANTY)

Homecrest Outdoor Living's 15 year residential limited warranty applies to Homecrest products used in a residential setting only. Homecrest Outdoor Living's 5 year commercial limited warranty applies to Homecrest products used in a commercial setting only. All warranty periods are based on the original purchaser's date of purchase, and are not transferable. Our warranties apply only to products shipped from the factory after January 1, 2008 (product codes ending in -08 or later). A copy of the original sales receipt and the product code must be submitted with all warranty claims (photos may also be required).

WHAT OUR WARRANTY COVERS

15 years (Residential) and 5 years (Commercial): Aluminum and steel frames are covered from structural failures for 15 years from date of purchase in a residential setting and five years in a commercial setting. If the frame fails during the 15 years in a residential setting and five years in a commercial setting under normal usage, and is not the result of abuse or an "act of nature", Homecrest Outdoor Living will repair or replace the frame at the manufacturer's discretion. If replacement is required, and your original frame is no longer manufactured, we will replace it with a similar product. Homecrest Outdoor Living will pay the warranty freight the first year in the Continental U.S. Return of product will not be accepted without prior approval.

5 years (Residential and Commercial): The warranty on painted frame surfaces covers against peeling, flaking or blistering for a period of five years. If the painted surface peels, flakes, or blisters and the furniture has been maintained per the recommended care and maintenance instructions, Homecrest Outdoor Living will repair or replace the frame at the manufacturer's discretion. If replacement is required, and your original product is no longer manufactured, we will replace with a similar product. Homecrest Outdoor Living will pay the warranty freight the first year in the Continental U.S. Return of product will not be accepted without prior approval.

3 years (Residential) and 1 year (Commercial): Solid surface table tops (excluding glass) are warranted against structural failures, finish cracks, and blisters for three years when used in a residential setting and one year in a commercial setting. Failure to properly maintain the table top, or store it properly during inclement weather, will void the warranty. If the table top (other than glass) fails, or the finish cracks or blisters during the warranty period, we will repair, refinish or replace the top. Homecrest Outdoor Living will pay the warranty freight the first year in the Continental U.S. Return of product will not be accepted without prior approval.

3 years (Residential) and 1 year (Commercial): Vinyl strapping is warranted for three years from discoloration or breakage in a residential setting and one year in a commercial setting. In the unlikely event that the strap significantly discolors or breaks, Homecrest Outdoor Living will supply replacement strap (installation labor not included). Glider bearing hangers are warranted for three years against failure in a residential setting and one year in a commercial setting. In the unlikely event a bearing hanger fails, Homecrest Outdoor Living will supply a replacement hanger (installation labor not included). Homecrest woven products are covered for three years against fading, cracking and structural failure in a residential setting and one year in a commercial setting.

2 years (Residential) and 1 year (Commercial): The fabrics used on our cushions, slings and umbrella canopies are warranted for two years in a residential setting and one year in a commercial setting against tearing, discoloration or fading when maintained per the recommended care and maintenance instructions. In the event replacement is required, Homecrest Outdoor Living will replace the cushion, sling or umbrella canopy with the same, if available, or comparable fabric based on manufacturer's discretion (installation labor not included). Homecrest Outdoor Living will pay the warranty freight the first year in the Continental U.S. Return of product will not be accepted without prior approval.

2 years (Residential) and 1 year (Commercial): Crystal fire burners (24" Round and 12" x 24") are warranted to be free from defects in material and workmanship for a period of two years from the date of purchase in a residential setting and one year in a commercial setting. The warranty is limited to the replacement or repair of defective components or workmanship. If replacement is required, and your original product is no longer available, we will replace it with a similar product (with limited lifetime on steel parts).

1 year (Residential and Commercial): The warranty of the finish on coiled steel spring rocker mechanisms, plastic parts, flex plates, glides, swivel inserts, metal umbrellas, cord and umbrella base for one year in a residential and commercial setting from the date of purchase when maintained per the recommended care and maintenance instructions. Homecrest Outdoor Living will repair or replace the frame at the manufacturer's discretion. If replacement is required, and your original product is no longer available, we will replace with a similar product.

WHAT OUR WARRANTY DOES NOT COVER

- Failure caused by misuse or lack of appropriate care and maintenance of the products. Refer to the General Maintenance and Cleaning Instructions.
- Damage caused by caustic chemicals and/or power washers.
- Warranty on product shipped from the factory prior to 1/1/2008.
- Glass and Acrylic table tops.
- Normal fading of fabrics, straps and painted surfaces.
- Bursting and cracking of tubing and extrusion caused by exposure to moisture and freezing temperatures.
- Damage caused by "Acts of Nature."
- Return freight after one year.
- Set replacement or replacement beyond failed product.
- Salt water exposure – Due to the demands of salt air, weekly cleaning and quarterly waxing of painted surfaces must be maintained to prevent finish blisters and corrosion. Failure to carefully follow our care and maintenance instructions will void the warranty.
