

IN-POOL SERIES

All In-Pool products are available in a variety of colors and are suitable for use in both chlorinated and saltwater pools, as well as on all pool materials like concrete, vinyl liners, and gunite. They can be easily removed from the pool to be used on the pool deck. Each product has a recommended maximum water depth for best performance.

- Average thickness of material to be .20" or greater
- Waterproof, rustproof, and 100% recyclable
- Suitable for both indoor and year-round outdoor use
- Products tested to support up to 750 lbs
- Fully compounded color (not dry blended) with UV light stabilizer to increase longevity of color retention in direct sunlight applications

PRODUCT FEATURES

The In-Pool Series has great ergonomics and a seat height that is comfortable for everyone. Made with rotationally molded hard polyethylene material, these products are easy to clean, waterproof, weather resistant, and made for supreme impact strength.

CHAT CHAIR
The chat chair is designed to be placed in the shallow water of a swimming pool with a maximum water depth of 12". The hole at the base of each leg allows water to enter and exit the core of the product. Set it in the pool and it rests in place. Pull it from the pool and it quickly releases the water. Both black and white cupholders come standard with this unit.

SIDE TABLE/BENCH
The side table/bench is designed to be placed in the shallow water of a swimming pool with a maximum water depth of 10". The hole on the bottom allows water to enter and exit the core of the product. Set it in the pool and it rests in place. Pull it from the pool and it quickly releases the water.

LOUNGER
The lounge features a social backrest angle for a more comfortable position and dual armrests to make it easier to enter and exit the seat. The lounge leg support provides comfort to people of all ages and heights. The lounge has a Speed Fill Ballast System, is stackable, and comes with an optional head pillow. The optional risers snap into the bottom of the lounge to accommodate various water depths.

**This color incurs a longer lead time of six weeks.*
