WADENA, MINNESOTA—1963-64 SUMMER CATALOG

*furniture of distinction  
for casual living*

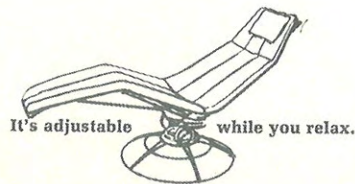

PERMANENT SHOWROOMS: 1649 American Furniture Mart, Chicago ■ 235 Home Furnishings Mart, Dallas ■ 521 Western Merchandise Mart, San Francisco

**T**AKE YOUR SIESTA on this fabulously comfortable, contoured chaise which rocks and swivels and adjusts in seconds to your mood of the moment! Without getting up, you may change from a relaxed reading position to a restful, feet-up snooze.

**Model 105 Siesta Chaise** has all-welded steel construction — smooth eight-ball swivel bearings — time-tested floating-comfort rocker springs — roll-away base for moving without lifting — baked-on enamel over bonderized steel. Its hand-washable cushion of polyether foam is augmented by an adjustable head pillow. Both are upholstered in your choice of fine cotton or plastic coverings in gay summer prints (shown on last page). Cushion length: 72" — seat width: 26" — seat height: 16" — base diameter: 27". Shipped KD, assembles in minutes. Shipping wt. 52 lbs.

Designed with a flair that excites even today's more sophisticated buyer, the Siesta Chaise was sales tested last year in both large and small stores with outstanding results.

## THE RIVIERA SWIVEL ROCKER

What could be more inviting than a high-back swivel rocker on your lawn or patio? Sit back on foam-filled cushions over a scientifically contoured seat. Float as you rock on time tested rocker springs. Your choice of washable, colorful prints in fabrics or plastics. Reading, chatting, or just soaking up the summer sun, you'll enjoy it more in the Riviera.

**Model 90, Riviera Swivel Rocker,** is beautifully finished in white, baked-on enamel over welded and bonderized steel for lasting durability. Base has two specially designed rocker springs on an eight-bearing, dome-shaped swivel. Washable, lift-off, polyether foam pad and headrest pillow are upholstered with decorator fabrics in floral patterns. Height of seat 15", width of seat 23", height of back 40". Shipped KD — 42 lbs. Assembles with only four bolts.

See back page for cover selections and more cushion and finish information.

## THE COURTING SWING

**J**UST ADD BEAU and swing gently . . . That's what Grandmother used to do. With Homecrest's attractive new Courting Swing you add beauty to your lawn or patio, as well as many hours of leisurely relaxation for everyone in the family. Soft polyfoam cushions covered in gay plastics or fabrics over a contoured seat are pleasantly comfortable. The seat is easily adjustable in height, and is supported by resilient oversized coil springs. The canopy may be adjusted in a second without getting out of the swing.

The Courting Swing is sturdily built for years of enjoyment. Its formed seat is welded steel, bonderized, primed, and smoothly finished in white, baked-on enamel, chosen for its resistance to chipping and peeling. The swing, with its triangular end frames of one inch tubular steel, is easy to move and won't sink into the lawn. The frame measures 62" from side to side, 60" high, and 40" front to back. The seat is 46" wide and 20" deep, with a back height of 20".

**Model 125** Courting Swing is shipped KD. Shipping weight 72 lbs.

## THE JAMAICA SERVER

This handsome serving cart adds a note of elegance to your patio parties. Customers buy it for its beauty, then delight in its many uses . . . one day a handy tea cart, then a portable bar or buffet — a plant stand — the list is endless. It's so handy, they will often use it indoors for TV snacks or even for breakfast in bed.

The Jamaica Server is designed with the hostess in mind. Its removable top serving tray is a roomy 18" x 30". The server is a convenient 40 inches in length, 33 inches in height; wheels are 13" in diameter. Construction is welded steel, thoroughly bonderized, primed, and finished in brilliant white enamel, baked on for years of service.

**Model 16T** has two identical trays.

**Model 16** has removable wire shelf in place of lower tray.

Shipped one per carton with handles and wheels removed. Assembles in a minute. Shipping weight, 38 lbs.

Many dealers also use Jamaica Servers to display gifts or accessories.

All Homecrest tables and chairs have a baked-on enamel finish which is resistant to chipping and peeling. The welded frame is first completely bonderized, a process by which the metal is cleaned with a hot caustic solution, hot rinsed, phosphate coated, rinsed again, and then neutralized. All components are then completely immersed in a lead chromate primer, dried, then dipped and sprayed with mar-resistant, white enamel and baked at a high temperature to assure a smooth hard surface. Bronze and black finishes are also available.
