

Homecrest patio ideas for Summer 1971

Patio living is beautiful

with Homecrest's new modular chairs and tables which blend clean design and relaxing comfort. See back page for specifications. Refer to the Homecrest catalog for a more complete showing of our patio furniture.

Patio living is

with the comfort of chairs that swivel and rock . . .
with a sofa that glides . . . and with tables that
adjust in height to serve your purpose.

Homecrest has combined exceptional comfort, fine
quality, and distinctive styling in this action
furniture to bring beauty and life to your patio.

All frames are made of durable welded steel and finished in
baked-on acrylic enamel—white or Pompeian green.

beautiful

when using these fashionable glass top tables and comfortable patio chairs for entertaining friends—and on every day that your family living and dining moves to the patio.

The tables have beautiful Temper-Tuf safety glass tops and the gracefully styled chairs are delightfully comfortable. Steel frames are of welded construction and finished in white or Pompeian green baked-on acrylic enamel. Seats are upholstered in colorful plastics.

Model G3048-56-4 Set, includes G3048 table and four model 56 chairs.

Model G3048 Rectangular Table has 30" x 48" top, 29 1/4" high. Shipped legs removed KD flat at 75 lbs.

Model 56 Chairs have seats 16" wide, 15" deep, 18" high. Overall height is 36". Shipped two per carton at 16 lbs. each.

The Mini Set is at home on the patio, apartment balcony, or kitchen—as adaptable as your imagination.

Model G2630-56-2 Mini Set includes one G2630 table and two No. 56 chairs.

Model G2630 is 30" in diameter, 26" high. Shipped KD flat at 34 lbs.

Patio living is beautiful

with these handsome modular chairs and steel and glass cubes of crisp clean design. You can readily change the light, strong modular chairs from one convenient conversation group to another, and the glass top tables make your room or patio into an interesting showcase for your favorite accessories.

Model 64 Modular Chairs are of welded construction with square tubular steel frames finished in white or black baked-on acrylic enamel, and with deep polyfoam cushions covered in smart colorful plastics. Seat width 25", depth 19", height 17", overall height 31". Shipped KD at 25 lbs.

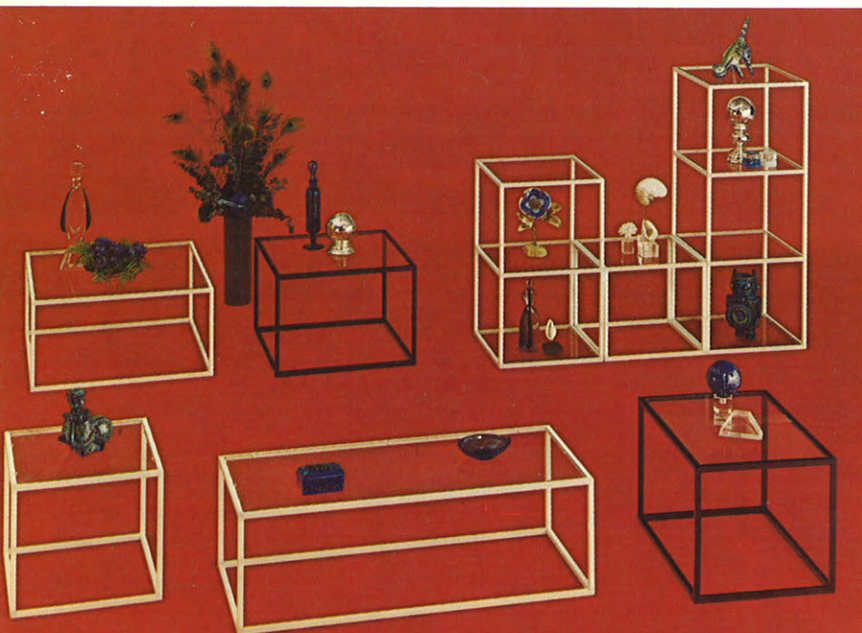

New fashionable tables

have sparkling crystal clear tops supported by slender square steel tubes. Offered in a variety of shapes and sizes, they lend themselves readily to matching or mixing in many interesting combinations.

Temper-Tuf safety glass, used for all Homecrest table tops, is four times stronger than regular glass. It can be broken only by a heavy blow or by bending beyond its maximum flex; and, if broken, it crumbles into thousands of harmless pebble-like particles. The glass withstands heat up to 400°F and is so durable it is used for automotive windows, refrigerator shelves, and oven doors.

Table frames are finished in white or black baked-on acrylic enamel and are shipped KD flat (with vertical tubes removed) for quick easy assembly by the retail customer.

Model No.	Dimensions	Shipping Weight
