

# STELLA

SLING + PADDED SLING | ALUMINUM

Available in: **S** Sling **PS** Padded Sling

Stella features elegantly sloped arms and our signature double layer sling. Stella is one of our “Designed with Weight” collections, making it ideal for windy conditions. Custom aluminum extrusions are used for the arms and base to provide a low-maintenance and corrosion-free material for those high-wear components, while powder-coated, solid-steel cross bars and internal side rails add weight.

**LOW BACK DINING CHAIR**

## WIND RESISTANT UPGRADE

Need additional weight for windy conditions? Homecrest's patent-pending Wind Kits (KIT91 and KIT90), consist of zinc-plated steel parts, add an additional 10 lbs, and easily attach to the chair's frame. Available in all finishes.
